MAINTENANCE PLAN

MAINTENANCE PLAN

Our primary objective is to offer exceptional care and treatment within a comfortable, secure environment. We are dedicated to ongoing education and staying up-to-date with advancements in modern dentistry. To uphold the high standards our patients expect, it is increasingly crucial for us to accurately align the number and requirements of our patients with the resources we have. Research indicates that regular preventive dental care significantly lowers the risk of dental issues and establishes a foundation for long-term oral health improvement. We advocate for this approach and have partnered with DPAS Limited to create a dental plan that rewards our loyal patients. DPAS will manage payment arrangements for the plan separately. This arrangement benefits both you and us. It enables us to plan your dental care more efficiently, enhancing the likelihood of maintaining your dental health. For you, it reduces the likelihood of future treatments and ensures that your preventive dental care expenses are covered through convenient monthly payments. By enrolling in the dental plan, you also gain access to the Worldwide Dental Emergency Assistance Scheme, which provides aid for dental emergencies or traumas whether you're at home or abroad (details on the reverse side). However if unsure, then please come in for an assessment appointment and then choose to go on the plan immediately afterwards.

* HOW DOES THE WORLDWIDE DENTAL EMERGENCY ASSISTANCE SCHEME WORK?

Whilst a member of the dental plan, should you suffer a dental trauma, a dental emergency or be diagnosed with oral cancer you will be eligible to make a request for assistance from the Worldwide Dental Emergency Assistance Scheme. The Scheme responds to such requests on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, the Scheme has no obligation to provide any benefit unless the Scheme Manager (the person appointed to administer the Scheme) first decides (in its sole and absolute discretion) that the Scheme should provide a benefit. There are some circumstances in which the Scheme is not designed to help (these situations being similar to exclusions under an insurance policy) and these are explained in more detail in the Worldwide Dental Emergency Assistance Scheme Handbook. The Scheme Manager will look at each case individually to assess the request for a benefit. Certain restrictions and limitations may apply in the event that your request for assistance is accepted and it is possible that in some cases the Scheme Manager will decide to provide no benefit.

If your request for assistance is accepted by the Scheme Manager you will be eligible to receive benefit payments from the Scheme in the following situations (up to the limits set by the Scheme and published from time to time):

- ✓ The cost of dental treatment by any dentist up to a maximum of £10,000 for any one incident of dental trauma
- ✓ The cost of:
 - emergency call-outs
 - pain relief or emergency temporary treatment
- ✓ A specified amount for each complete 24 hour period of hospitalisation wholly or partly under the care of a consultant who specialises in dental or maxillofacial surgery
- ✓ A specified amount if you are diagnosed with oral cancer and this is the primary cancer site

You will also have 24 hour access to a worldwide dental emergency helpline.

Please refer to the Worldwide Dental Emergency Assistance Scheme Handbook for full details.

The Worldwide Dental Emergency Assistance Scheme is operated by Worldwide Assistance Ltd (Company No. 10907861), a company registered in England and Wales.

Registered Office: Cambrian Works, Gobowen Rd, Oswestry, Shropshire SY11 1HS.
